

**Cookie Policy Statement of LATI Industria Termoplastici S.p.A.**  
**Pursuant to art. 13 GDPR EU 2016/679**  
**(Re. PRV2023032002R2-EN)**

In addition to the provisions of the [Privacy Policy Statement](#), LATI Industria Termoplastici S.p.A. (hereinafter, LATI) herewith informs about the purposes and processing methods related to the use of cookies and other tracking technologies on the company's websites, where this Statement is made available.

## 1. About cookies

Cookies are text files that are sent from a web server (i.e. the computer where the visited website is "hosted") to the user's browser (Firefox, Google Chrome, Safari, etc.) and stored in the fixed or mobile device that supports user navigation. Cookies allow the website to identify this device, through the information stored in it, whenever the user connects to the website again through the same device.

The use of cookies makes it possible to improve website navigation, as well as to analyse the user's preferences and choices through the verification of navigation and consequently offer products and services more consistent with the user's interests and expectations.

In relation to their duration on the user's device, cookies can be divided into "session cookies" (stored exclusively for the duration of the browsing session and deleted when the browser is closed), or "permanent cookies" (stored for a longer time, until they expire or until cancellation by the user).

In relation to their origin, cookies can be installed from the website that the user is visiting (first-party cookies) or from other websites (third-party cookies). In the case of the latter, since their use cannot be completely controlled by the Data Controller, any specific reference to them is to be considered for guidance purposes only. To obtain detailed information, users are invited to consult the privacy policy of the respective third-party services listed in this document.

Cookies do not collect information directly identifying the user. Through cookies in fact, LATI cannot directly trace any identifying personal information (e.g. name, surname) if not provided directly by the user.

## 2. Cookie types that may be used by LATI

### Necessary cookies

These cookies are essential for the proper functioning of the website and allow users to use its main features, such as page navigation and access to restricted areas. These cookies make it possible, for example, to:

- manage the browsing session;
- store basic preferences;
- ensure the security of the website.

Necessary cookies do not require the user's consent, as they are essential to provide the requested service.

Cookie	Domain	Path	Cookie type	Expiration	Description
li_gc	.linkedin.com	/	Third-party	5 months 4 weeks	Used to store the visitor's consent to the use of cookies for non-essential purposes.
cf_clearance	.interviewweb.it	/	Third-party	1 year	This cookie is used by the Cloudflare service to identify trusted web traffic and to bypass any security restrictions based on the visitor's IP address. It is essential to support a website's security features and to provide protection against malicious visitors.
XSRF-TOKEN	lambda.lati.com	/	First-party	Session	This cookie is set to help with website security and to prevent Cross-Site Request Forgery attacks.
VISITOR_PRIVACY_META DATA	.youtube.com	/	Third-party	5 months 4 weeks	This cookie is used to store the user's consent and privacy choices for their interaction with the website. It records data about the visitor's consent regarding various privacy policies and settings, ensuring that their preferences are respected in future sessions.

__cf_bm	.hubspot.com	/	Third-party	29 minutes 52 seconds	This cookie is used to distinguish between humans and bots. This is beneficial for the website in order to generate valid reports on website usage.
_GRECAPTCHA	www.google.com	/recaptcha	Third-party	5 months 4 weeks	Google reCAPTCHA sets a necessary cookie (_GRECAPTCHA) when executed for the purpose of providing its risk analysis.
PHPSESSID	lati.interviewweb.it	/	Third-party	1 year	Cookie generated by applications based on the PHP language. This is a generic identifier used to maintain user session variables. It is usually a randomly generated number; how it is used may be site-specific, but a common example is maintaining a user's logged-in state across pages.
__Secure-ROLLOUT_TOKEN	.youtube.com	/	Third-party	5 months 4 weeks	Used for managing functionality and service rollout of YouTube.
.AspNetCore.Antiforgery.BDDAcIZMvg4	lambda.lati.com	/	First-party	Session	CSRF (Cross-Site Request Forgery) protection.
readabler				local	Improves readability and the browsing experience.
i18nextLng				local	Stores the selected language.
wpEmojiSettingsSupports				session	This cookie is used to ensure emojis are displayed correctly and consistently across different browsers and devices.

### Performance cookies

Performance cookies are used to monitor the website's performance and understand how users interact with its features, for example by identifying errors, page load times, or technical issues.

The information collected is used to improve the reliability and performance of the website and is not used for profiling or advertising purposes.

Performance cookies may be set by the website itself or by third-party services.

In some cases, the use of these cookies may require the user's consent, which can be managed through the cookie banner or the cookie settings.

Cookie	Domain	Path	Cookie type	Expiration	Description
sbjs_udata	.lati3dlab.com	/	First-party	Session	This cookie is used to store user-specific data to help monitor and analyze the effectiveness of the advertising campaigns and optimize the user experience on the website.
sbjs_current_add	.lati3dlab.com	/	First-party	Session	This cookie is used to store information about the current visit to distinguish between users and sessions. It typically includes details such as source of traffic, campaign data, and user behavior to help in tracking and analyzing the effectiveness of marketing campaigns.
sbjs_first	.lati3dlab.com	/	First-party	Session	This cookie is used to store information about the user's first session on the website. It tracks details such as the source from which the user came, the path they took, which search engine and keyword were used, and their location at the time of the first visit. This information is used to analyze and improve the website's performance by understanding user behavior.
sbjs_current	.lati3dlab.com	/	First-party	Session	This cookie is used to track users' activities and interactions across the website to facilitate better analysis and understanding of traffic sources and user behavior.
sbjs_session	.lati3dlab.com	/	First-party	29 minutes 52 seconds	This cookie is used to track user activity and sessions to improve the performance and usability of the website, helping to understand how visitors interact with the website.
sbjs_migrations	.lati3dlab.com	/	First-party	Session	This cookie is used to track user interactions and migration between different pages or sections of the website to improve user experience and website performance analytics.
sbjs_first_add	.lati3dlab.com	/	First-party	Session	This cookie is used to store details about the user's first visit to the website, including timestamp, referring site, and source of the traffic, to assess the effectiveness of marketing campaigns and website sources.

### Analytics cookies

These cookies are used to collect statistical information about how the website is used, such as the number of visitors, the most visited pages, or how users navigate through the content.

This data is used in aggregated form to improve the website's performance and users' browsing experience.

Analytics cookies may be set by the website itself or by third-party services.

In some cases, the use of analytics cookies may require the user's consent, particularly when they allow the identification or tracking of an individual visitor's behavior. Consent can be managed through the cookie banner or the cookie settings.

### Targeting cookies

Targeting cookies are used to collect information about how users browse the website, in order to display content or advertising that is more relevant to their interests. These cookies may be set by the website or by third-party services and allow, for example, to:

- display more relevant advertisements;
- understand which content is most interesting to users;
- measure the effectiveness of promotional activities.

Targeting cookies are not installed without the user's consent.

Consent can be given or modified at any time through the cookie banner or the cookie settings.

Cookie	Domain	Path	Cookie type	Expiration	Description
YSC	.youtube.com	/	Third-party	Session	This cookie is set by YouTube to track views of embedded videos.
lidc	.linkedin.com	/	Third-party	1 day	This is a first-party cookie from Microsoft MSN that ensures the proper functioning of this website.
VISITOR_INFO1_LIVE	.youtube.com	/	Third-party	5 months 4 weeks	This cookie is set by YouTube to store the user's preferences for embedded YouTube videos on websites; it may also determine whether the website visitor is using the new or the old version of the YouTube interface.
bcookie	.linkedin.com	/	Third-party	1 year	This is a first-party cookie from Microsoft MSN used for sharing website content via social media.

### Functionality cookies

These cookies are optional for the functioning of the website. They are usually set only in response to information provided by the user in order to personalize and optimize the browsing experience.

Cookie	Domain	Path	Cookie type	Expiration	Description
wpml_browser_redirect_test	lati.com	/	First-party	Session	This cookie is used to test whether cookies are enabled in the browser in order to provide an appropriate user experience.
__wpdm_client	.lati.com	/	First-party	Session	This cookie is used to monitor user interactions and preferences within the website, enabling enhanced functionality and personalized experiences. It is essential for remembering user choices and settings, contributing to a smoother and more personalized browsing experience.
_icl_visitor_lang_js	.lati.com	/	First-party	1 day	This cookie is used to store a user's language preference in order to deliver content in that language the next time the user visits the website.
_cfuid	.hsforms.com	/	Third-party	Session	This cookie is used to track users across sessions in order to optimize the user experience by maintaining session consistency and providing personalized services.
_cfuid	.hubspot.com	/	Third-party	Session	This cookie is used to track users across sessions in order to optimize the user experience by maintaining session consistency and providing personalized services.
wp-wpml_current_language	lati.com www.lati3dlab.com	/	First-party	Session	Stores the current language. By default, this cookie is set only for logged-in users. If you enable the language cookie to support AJAX filtering, this cookie will also be set for users who are not logged in.
trx_addons_is_retina	www.lati3dlab.com	/	First-party	Session	This cookie is used to determine if the user's device supports retina display features. It helps in optimizing the content and images to better suit the user's display for a improved visual experience.

### 3. How to manage preferences and give or withdraw consent

There are various ways to manage cookie preferences and give or withdraw consent. If necessary, users can manage cookie preferences directly through the settings on their devices: for example, they can prevent the use or storage of cookies.

In addition, whenever the use of cookies depends on consent, the user will be able to give or revoke consent by setting his or her preferences in the cookie policy statement.

Thanks to specific functions of the browser or device, it is also possible to remove previously saved cookies. Other cookies in the local memory of the browser can be removed by deleting the browser history.

With regard to third-party cookies, users can manage preferences and withdraw consent through the relevant opt out link (if available), using the tools described in the third party's privacy policy statement or by contacting the third party directly.

#### 4. How to find settings related to tracking tools

Users can, for example, find information on how to manage cookies in some of the most popular browsers, at the following addresses:

- [Google Chrome](#)
- [Mozilla Firefox](#)
- [Apple Safari](#)
- [Microsoft Internet Explorer](#)
- [Microsoft Edge](#)
- [Brave](#)
- [Opera](#)

Users can also manage some mobile application cookies by disabling them through appropriate device settings, such as mobile advertisement settings or tracking settings in general (consult the device settings to find the relevant setting).

#### 5. How to opt out of interest-based advertising

Notwithstanding the foregoing, users are informed of the possibility of using the information on YourOnlineChoices (EU), Network Advertising Initiative (USA) and Digital Advertising Alliance (USA), DAAC (Canada), DDAI (Japan) or other similar services. Users can manage the tracking preferences of most advertising tools via these services. The Data Controller, therefore, advises users to use these resources in addition to the information provided in this statement.

#### 6. Consequences of rejecting cookies

Users are free to decide whether or not to accept cookies. However, note that cookies allow us to provide a better experience and enhanced features to users (in line with the purpose outlined herein). Therefore, in case of rejection, the Data Controller may not be able to provide the related features.

#### Data Controller

The Data Controller is LATI Industria Termoplastici S.p.A., with registered office in Vedano Olona (VA) via F. Baracca n. 7. For any further information, please contact: [privacy@it.lati.com](mailto:privacy@it.lati.com).
